

Why do we need to have Radiation Training?

- ☠ The United States has extensive borders and coastlines.
- ☠ The United States has 45 major metropolitan areas.
- ☠ The United States has 1000 international, domestic and private airports and water ports.
- ☠ The United States is a popular destination for international travel.
- ☠ The United States is home to many large, public, special events and 104 nuclear power plants.
- ☠ All of the above could be targeted by the many groups and individuals who wish to harm the United States.
